

## MUSTEROLE a Magic Ointment for Neuralgia

Base that throbbing pain, that splitting headache in a twinkling with a little MUSTEROLE.

Try this clean, white ointment (made with oil of mustard), today. Millions have found it a marvelous relief. Millions use it now instead of the old-time mustard plaster. For they know MUSTEROLE does not blister an old-time mustard plaster did.

Best for Sore Throat, Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Pleurisy, Rheumatism, Lumbago, all Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50.

Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid.

Hush A. Webster, 794 E. 165th St., New York City, says:

"I can highly recommend Musterole to any one suffering from Neuralgia or a cold in the head." (45)

## DAN CRAWFORD TO BE IN DENVER SUNDAY

Famous Missionary Who is to  
Appear Here March 17th  
Attracting Large Crowds in  
the Cities.

Dan Crawford, the famous African missionary who is to lecture in the Lead Avenue Methodist church here on March 17th is to speak in Denver Sunday and in Pueblo Monday. He is attracting large audiences in all of the larger cities of the country. The lecture here will be free to the public.

Mr. Crawford is a short, active, energetic man, with hair close-cropped and with a keen blue eye. He tells of his work in parentheses and circles. He breaks out into little rhapsodies on language, philosophy, biblical interpretation and practical life. One has to pick his story out of

bits and piece the bits together.

It is the story of a young man who went to Africa to be healed of tuberculosis and caught the passion of David Livingstone. Attaching himself to a slave caravan he made his way into the interior, "bored in," as the natives express it, into the tall grass. At length he reached the very fountains of the Nile, where Livingstone hoped to die, and there for 22 years he labored. After he had worked 16 years he sent out a love letter and in response to it there came to him the woman whom he loved, a graduate of the Glasgow Medical college. They established their home on the bank of an inland lake in the territory of a fierce cannibal chief, Mushi. He regarded them as his prisoners and shut them in. Crawford was his secretary in his negotiations with the Belgians, but while Crawford was a prisoner he was learning the language, making a grammar, translating the Bible and planting the seeds of a new civilization.

Rebelling, torturing skin eruptions, defilement, annoy, drive one wild. Dan's Ointment is praised for its good work. "See at all drug stores."

## THROW AWAY YOUR EYE-GLASSES

### A FREE PRESCRIPTION

You Can Have Filled and Use at Home.

Do you wear glasses? Are you a victim of eye-strain or other eye-weakness? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully, now they feel fine all the time. It was like a miracle to me."

A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles are fully benefited by following the simple rules. Here is the prescription:

Go to any drug store and get a bottle of Opton, fill a two-ounce bottle with warm water, drop in one Opton tablet and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopeless blind might have been saved if they had cured for their eyes in time.

## SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years  
Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlasting tired feeling?

It so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

## ORDER OF RAILWAY EMPLOYEES PLAN BIG DANCE

St. Patrick's Day Event in  
Masonic Temple to be Elaborate Affair. Employee's Magazine Boosts Albuquerque Division.

### NEW OFFICERS ELECTED BY DIVISION LAST NIGHT

Arrangements have been completed by Albuquerque Division No. 43, Order of Railway Employees, for its second annual ball, to be held at Masonic Temple March 17. It will be a St. Patrick's ball, with decorations and programs in keeping with the day that is set aside for the honor of Erin's patron saint. These committees have been appointed to arrange and conduct the affair: Executive committee, E. W. Moore, E. Kohler, Robert Conley, reception committee, E. W. Weiser, J. Herbert Smith, J. P. Brennan, entertainment committee, J. J. O'Brien, J. E. Higgins, F. Reynolds, J. C. Lyons; floor committee, E. W. Moore.

The Division has set out to double its membership during this year, which means that it is aiming at the 1,700 mark. The organization is attracting attention and making itself felt in railroad circles. The current issue of the Railway Employees' Magazine contains an interesting article on the Division, illustrated with photographs of all the officers.

"Although one of the most remote Divisions from the Supreme Office," says the magazine, "Albuquerque No. 43 has not been asleep at the switch by any means since its institution in May, 1912. At that time a mere handful of members, thirty in all, rallied to the O-R-E standard and formed their Division, choosing Brother E. W. Moore as conductor. Brother J. J. O'Brien as secretary, and Brother Jos. P. Brennan as secretary-treasurer, these three brothers having held their respective offices continuously up to the present time."

"From a membership of 30 in 1912 the Division has grown to the proportion of 500 at the close of the year 1913, and at the last meeting of the year each member pledged himself to bring one new member to the Division during the year 1914, which means that Albuquerque Division has set its stakes for a membership of a thousand members within the year."

"Brother E. W. Moore has always been the conductor of the Division and is an ardent worker for the good of the order. On all occasions he has proved his worth and efficiency, as the head and director of Albuquerque No. 43. The faith of the membership is solid in his favor, as he is a man of determined character and accredited with making a success of everything he undertakes or interests himself in. He has been with the Santa Fe as shop foreman for eleven years."

"Brother John E. Higgins is an old-timer, both as Division engineer and as a railroader. He has done much to further the welfare of the members and is always ready and willing to serve the brothers in any way he can. The Santa Fe has had his services for the past seven years, and at present he is chief clerk in the Albuquerque yard office."

"The indefatigable secretary, treasurer and magazine correspondent, Brother Joseph P. Brennan, has been with the Division, heart and soul, ever since it drew its first breath, and is admirably adapted for the work of the Division along social and fraternal lines as well as being qualified for the triple duties of his office, and has done valuable work for the order."

"Six years ago Brother Brennan came into the service of the Santa Fe and is at present chief clerk to the general yardmaster."

"The Division's freeman is Brother J. J. O'Brien, who has always held that office and the brothers have congratulated themselves many times upon their wise selection of Brother O'Brien. He is an efficient infirmer and has the interest of the order at heart. He is a booster from start to finish and well deserves the recognition that the office bestows upon him. He has been connected with the Santa Fe since 1887, having been chief clerk with the Santa Fe at Chicago before coming to Albuquerque. He is one of the oldest and most reliable check clerks in the service. He is also a member of the Santa Fe "safety habit" committee and the prevention of accidents to his fellow employees is one of his daily missions."

"Although one of the youngest members of the Division, Brother George W. Weiser, the motorman, is old in experience and is an industrious and untiring worker for the interests of the order. He fills his office to the entire satisfaction of all concerned. Brother Weiser has been connected with the Santa Fe for the past five years during which time he has served in a number of capacities. He is at present employed as abstract clerk in the freight office."

"Brother W. A. Tulip, the yardmaster, is detailed to pilot students safely over the Division. There was no mistake made when Brother Tulip was chosen for this important office, as he does his work in an efficient and praiseworthy manner. For six years Brother Tulip worked in the Albuquerque shops as a machinist and safety appliance man, and now holds the position of safety appliance inspector with the Santa Fe."

"Brother Fred Reynolds is brakeman of the Division and his motto is 'Never miss a meeting.' He has never been absent from a single meeting and has proved himself worthy of the office he holds."

"Brother Reynolds is serving as machinist apprentice with the Santa

Fe, and has but a few more months before completing his course."

"The flagman of the Division is Brother J. C. Lyons, he having recently been appointed to fill a vacancy in that office. Brother Lyons has always worked hard for the benefit of the order and the welfare of the members at Albuquerque. Brother Lyons is reported to be a man full of vim and great things are expected from him."

"He has served his time as machinist apprentice and is now a full-fledged machinist. Brother Lyons is a native Albuquerquean and everyone is anxious to see him succeed."

"The go ahead spirit which pervades the Division is manifested by their new electric sign, which bears the order's emblem done in colors. This sign at the entrance of the lodge hall can be seen at quite a distance in either direction and is the first public advertising done by any of the Divisions of the order. Brothers Condon, Moore and O'Brien were appointed as a committee to secure the sign and their work is greatly appreciated by the members. This elaborate sign serves not only as a reminder of meeting nights to the regular members, but also shows that No. 43's latest thing is out to any brothers from other Divisions who may be sojourning in the city."

"It may be stated in passing that Albuquerque Division members have drawn out some \$9,500 from the O-R-E claims since the order's emergency pay cut got the habit of going to New Mexico."

"The one big event that now looms upon the horizon of the Division by way of social affairs is their second St. Patrick's day ball. The arrangements are now completed and it is expected that this dance will surpass their first annual ball, which was conceded to be the most elaborate affair of its kind ever held in the city."

Officers Elected Last Night.

Albuquerque Division, Order of Railway Employees, elected officers for the ensuing year at their regular meeting in Knights of Pythias hall last night as follows:

Conductor—E. W. Moore.

Engineer—J. J. O'Brien.
